Erratum

Erratum to: “Leptons in near earth orbit”
[Phys. Lett. B 484 (2000) 10–22] [☆]

AMS Collaboration

Received 27 October 2000

In paragraph 4.1, Properties of the primary lepton spectra, part of the first line is missing. It reads “. . .reasonable agreement with previous measurements [2]”. It should read instead “Fig. 4(a) shows the primary lepton spectra. The spectra are in reasonable agreement with previous measurements [2]”.
